

# IEEE CPE-POWERENG 2017

## 2017 11th International Conference on Compatibility, Power Electronics and Power Engineering

April 4<sup>th</sup>-6<sup>th</sup>, 2017 (Cadiz, Spain)

[www.cpe-powereng2017.org](http://www.cpe-powereng2017.org)

### Call for Papers

**Extended deadline for Submission: December 23<sup>rd</sup>, 2016**

IEEE CPE-POWERENG is one important conference of the IEEE Industrial Electronics Society devoted to the dissemination of new ideas, research and works in progress within the fields of power generation, transmission and distribution, power electronics, renewable energy integration, power systems electro-mechanical energy conversion, automation and EMI issues. IEEE CPE-POWERENG 2017 will be held in Cadiz, Spain, from April 4th to 6th, 2017. Cadiz is well connected to the world by an international airport in Jerez de la Frontera (30 minutes by car), multiple train connections, a motorway, and a sea port. Touristic attractions include historical routes through the city and wonderful beaches. Cadiz combines a rich historical past, when it was the main gate to America from Europe in XVIII century, with a vibrant present as relax touristic place.

The world's industry, research, and academia are cordially invited to participate in an array of presentations and social activities for the advancement of science, technology, engineering education, and fellowship.

**Paper Submission:** Prospective authors are invited to electronically submit regular papers of their work in English. Accepted and presented papers will be published in the conference proceedings, and submitted for inclusion in IEEE Xplore online digital library.

**Topics:** The scope of the conference will cover, but will not be limited to, the following topics:

- Power Generation, Transmission and Distribution
- Smartgrid Technologies & Applications
- Power electronics and controllers for microgrids
- Specific power electronics for high-power systems
- Integration of Renewable Energy Sources
- Energy storage systems
- Power Electronics Controllers for Power Systems
- Electro-Mechanical Energy Conversion
- Power Electronic Systems and Applications
- Power electronics for electric vehicles
- Advanced Control methods for power systems
- EMI Issues

**Preliminary Venue:** The conference will be held at Congress Palace is located in the historic center of Cádiz, in an ancient building where the tobacco was processed. Its location makes possible to visit the city by walking.

**Special Sessions:** Prospective participants of CPE-POWERENG 2017 are encouraged to organize special sessions consisting of several papers in a particular area within the conference topics.

### Important dates:

**Extended submission deadline: December 23<sup>rd</sup>, 2016**

Notification of acceptance: 25<sup>th</sup> January, 2017

Submission of final version: February 2017
